NEON GENESIS EVANGELION–GENESIS 0:1 VIDEOS

In the year 2015, the Angels, huge, tremendously powerful, alien war machines, appear in Tokyo for the second time. The only hope for mankind's survival lies in the Evangelion, a humanoid fighting machine developed by NERV, a special United Nations agency. One such teenager is Shinji Ikari, whose father heads the NERV team that developed and maintains the Evangelion.
